

BASIC LIFE SUPPORT COURSE

RMK AIMES*, İstanbul

*Rahmi M. Koç Academy of Interventional Medicine, Education and Simulation

Basic Life Support Course

This course** aims to teach participants how to recognize cardiac and/or respiratory arrest, activate the emergency response system, perform high-quality chest compressions, provide appropriate ventilation, and use an Automatic External Defibrillator. Participants will develop their knowledge and skills to perform quality and effective cardiopulmonary resuscitation (CPR).

Goals

- To apply high quality CPR in adults, children and infants
- To provide effective ventilation by using a barrier device
- Learn to use an automated external defibrillator (AED)
- To perform CPR with one rescuer and multiple rescuers
- To learn teamwork in CPR with multiple rescuers
- To practice foreign body obstruction (choking) interventions in adults, children and infants.

Course Content

- Course content
- Skill practices on mannikins accompanied by videos
- Assessment of knowledge and skills' practices

Course fee: 175 USD (VAT included)

Please contact with info@aimes.org for registration.

** At the end of the course American Heart Association (AHA) certificate will be awarded to the participants who successfully complete the course.
